

	INNATE IMMUNITY			ADAPTIVE IMMUNITY			DISEASE OF THE IMMUNE SYSTEM			IMMUNE INTERVENTIONS		
	Track A			Track B			Track C			Track D		
	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9	Hall 10	Hall 11	Hall 12
08.30 - 08.35	Symposium – Recognition of Non-Self			Symposium – Memory Cells and Mechanisms			Symposium – Pathogenesis in Inflammatory Disease			Symposium – Building on Success – Monoclonals and Beyond		
08.35 - 09.02		Speaker			Speaker			Speaker			Speaker	
09.02 - 09.29		Speaker			Speaker			Speaker			Speaker	
09.29 - 09.56		Speaker			Speaker			Speaker			Speaker	
09.56 - 10.11		Speaker			Speaker			Speaker			Speaker	
10.15 - 10.45	Coffee in Exhibition Area											
10.45 - 10.50	Symposium – Recognition of dysregulated-self			Symposium – Shaping Memory			Symposium – Insight from Extreme Immunological Phenotypes and Immune Deficiency			Symposium – Immunotherapeutics Provide Insights Into Pathogenesis		
10.50 - 11.17		Speaker			Speaker			Speaker			Speaker	
11.17 - 11.44		Speaker			Speaker			Speaker			Speaker	
11.44 - 12.11		Speaker			Speaker			Speaker			Speaker	
12.11 - 12.26		Speaker			Speaker			Speaker			Speaker	
12.45 - 13.45	Lunch in Exhibition Area (5 x Satellite Symposium)											
14.00 - 15.15	Workshop – Myeloid Cell Development	Workshop – Sensing – TLRs and Other Sensors	Workshop – Sensing – NLRs, IL1 & Inflammasomes	Workshop – Evolution and Selection	Workshop – Antigen Receptors: Specificities, Repertoires & Functions	Workshop – Lymphocyte Signalling Mechanisms	Workshop – Primary Immunodeficiency and Rare Diseases	Workshop – DC, MHC, T Cells and Disease	Workshop – Fundamental Inflammatory Processes	Workshop – Vaccine Development	Workshop – Biomarkers & Disease Profiling 1: Learning from Genetics	Workshop – Biomarkers & Disease Profiling 2: Immune-Monitoring
15.15 - 15.45	Coffee in Exhibition Area											
15.45 - 17.00	Workshop – Sensing and Communicating – Lectins and Lectin-Like Receptors	Workshop – Responding – Innate Signalling Systems	Workshop – Responding – Monocyte, Macrophage & DC Functions	Workshop – Ion Channels	Workshop – Lymphocyte Development	Workshop – Tolerance and Apoptosis	Workshop – Rheumatoid Arthritis and Lupus	Workshop – Metabolic Disease and Diabetes	Workshop – Neurological and Neuromuscular Diseases	Workshop – Immunotherapy for Cancer	Workshop – Targeting Virus-Induced Diseases	Workshop – Targeting Bacterial, Fungal and Parasitic Infections
17.15 - 19.30	POSTER SESSION INCLUDING POSTER WALKS											

	INNATE IMMUNITY			ADAPTIVE IMMUNITY			DISEASE OF THE IMMUNE SYSTEM			IMMUNE INTERVENTIONS		
	Track A			Track B			Track C			Track D		
	Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9	Hall 10	Hall 11	Hall 12
08.30 - 08.35	Symposium – Cells and Their Responses			Symposium – Effecting Lymphocyte Function			Symposium – Breakdowns in Tolerance			Symposium – From Immune-Monitoring to Health Policy – What is the Future?		
08.35 - 09.02	Speaker			Speaker			Speaker			Speaker		
09.02 - 09.29	Speaker			Speaker			Speaker			Speaker		
09.29 - 09.56	Speaker			Speaker			Speaker			Speaker		
09.56 - 10.11	Speaker			Speaker			Speaker			Speaker		
10.15 - 10.45	Coffee in Exhibition Area											
10.45 - 10.50	Symposium – Cells and Functions within Tissues, Including Mucosal Immunology			Symposium – Regulating Lymphocyte Function			Symposium – Immunity to Infection			Symposium – Cell- and Gene-Based Therapies and Stem Cells		
10.50 - 11.17	Speaker			Speaker			Speaker			Speaker		
11.17 - 11.44	Speaker			Speaker			Speaker			Speaker		
11.44 - 12.11	Speaker			Speaker			Speaker			Speaker		
12.11 - 12.26	Speaker			Speaker			Speaker			Speaker		
12.45 - 13.45	Lunch in Exhibition Area (5 x Satellite Symposium)											
14.00 - 15.15	Workshop – Responding – Leukocyte Cell Biology	Workshop – Sensing – Cross Presentation	Workshop – Cells on the Move – Chemokines	Workshop – Effector Th Cell Subsets and Plasticity	Workshop – Regularity T Cell Subsets and Plasticity	Workshop – Transcription and Epigenetics	Workshop – Inflammatory Bowel Diseases	Workshop – Inflammatory & Atopic Skin Disease	Workshop – Asthma/Allergy	Workshop – Advances in Biologics 1 – Antibodies, Related Molecules and ivlg	Workshop – Advances in Biologics 2 – New Developments	Workshop – Immune Suppression
15.15 - 15.45	Coffee in Exhibition Area											
15.45 - 17.00	Workshop – Autophagy	Workshop – Complement	Workshop – Innate-Like Lymphoid Cells	Workshop – Cytolytic T Cells	Workshop – NKT and $\gamma\delta$ T Cells	Workshop – B Cells & Plasma Cells	Workshop – Tumour Immunology	Workshop – HIV	Workshop – Hepatitis & Liver Immunology	Workshop – Gene Therapy	Workshop – Cell Therapy	Workshop – Nutrition and Vitamins – Basic Immunology as a Foundation for Intervention
17.15 - 19.30												

		INNATE IMMUNITY			ADAPTIVE IMMUNITY			DISEASE OF THE IMMUNE SYSTEM			IMMUNE INTERVENTIONS		
		Track A			Track B			Track C			Track D		
		Hall 1	Hall 2	Hall 3	Hall 4	Hall 5	Hall 6	Hall 7	Hall 8	Hall 9	Hall 10	Hall 11	Hall 12
08.30 - 08.35	Symposium – Innate Immunity and Physiology				Symposium – Building the Naïve Repertoire			Symposium – Allergy and Atopy			Symposium – Vaccines for the 21st Century		
08.35 - 09.02	Speaker				Speaker			Speaker			Speaker		
09.02 - 09.29	Speaker				Speaker			Speaker			Speaker		
09.29 - 09.56	Speaker				Speaker			Speaker			Speaker		
09.56 - 10.11	Speaker				Speaker			Speaker			Speaker		
10.15 - 10.45	Coffee in Exhibition Area												
10.45 - 10.50	Symposium – Innate Immune Dynamics				Symposium – Physiology of Adaptive Responses			Symposium – Cancer			Symposium – Transplantation		
10.50 - 11.17	Speaker				Speaker			Speaker			Speaker		
11.17 - 11.44	Speaker				Speaker			Speaker			Speaker		
11.44 - 12.11	Speaker				Speaker			Speaker			Speaker		
12.11 - 12.26	Speaker				Speaker			Speaker			Speaker		
12.45 - 13.45	Lunch in Exhibition Area (5 x Satellite Symposium)												
14.00 - 15.15	Workshop – NK Cells	Workshop – The Immunobiology of Epithelial Cells	Workshop – Granulocytes; Basophils, Mast Cells Oesinophils	Workshop – Memory	Workshop – Trafficking and Homeostasis	Workshop – Ageing	Workshop – Virus Infections	Workshop – Sepsis	Workshop – Tuberculosis	Workshop – Immuno-Reset	Workshop – Transplantation	Workshop – Basing Health Policy on Immunological Knowledge – Goals/Achievables	
15.15 - 15.45	Coffee in Exhibition Area												
15.45 - 17.00	Workshop – Immune Evasion	Workshop – Innate Mucosal Immunology	Workshop – Micro RNA	Workshop – Lymphomas	Workshop – Lymphoid Organogenesis	Workshop – Lymphocytes in Tissues	Workshop – Malaria	Workshop – Parasitic Diseases	Workshop – Veterinary Immunology	Workshop – Natural Products and Plant Medications	Workshop – Neonates – Knowledge and Interventions	Workshop – Humanised Mice	
17.15 - 19.30	POSTER SESSION INCLUDING POSTER WALKS
